

'What About: Top Chart EDM Drops' is the first in a new generation of Construction Kit products bringing you 10 fantastic tracks as well as presets for Sylenth1 and Spire, MIDI files and tuned kicks. Every single track is stuffed with huge drums, FX, synths and vocal samples, all at a uniform tempo of 128 BPM and all 100% Royalty-Free.

In detail, you'll find 120 key-labelled Big Room kicks, 25 presets for Spire, 26 Sylenth1 presets and more than 200 vocal phrases, melodic samples, loops and MIDI files.

This content has been inspired by super-star producers such as Martin Garrix, Showtek, Thomas Newson, Jay Hardway, Sidney Samson, Deorro, Moguai, Firebeatz, Quintino, and many others.

Drop tracks are rendered with sidechain and without to give you maximum freedom. Everything is 100% Royalty-Free and ready to drag and drop right into your mix. What About making your tracks world-class?
