

We present to you a powerful collection for the super hits creation in the style of trance, uplifting and progressive trance.

Each of our products is unique and made according to the latest sound trends. In our work, we focus on Armada, Enhanced, Anjunabeats and other world labels that release tracks of famous producers such as Orjan Nilsen, Arty, Above & Beyond, Andrew Rayel, Armin van Buuren, Ilan Bluestone, Genix, Ferry Tayle, and many others.

This bundle has everything you need for creating a magnificent composition in a very short time. All our samples are initially processed by us so that you can focus more on the creation rather than the technical part.

Now you have a unique and profitable opportunity to purchase 5 packages that we've created for you during the year. After purchasing this product, you can freely use all sounds and presets from this pack in your commercial works and projects.
