

'Trance Melodic Kits' by HighLife Samples delivers great Trance MIDI and WAV melodies and synth presets for Trance producers who want to get instant inspiration for their music productions. This is a great trance sample pack that includes everything you need to start an idea.

The melodies are ready and can work out of the box, giving your track a professional melodic start point. You can edit the MIDI files and create brand new melodic ideas in minutes, assign your own favorite plugin instrument or hardware of your choice without any audio limitation.

If you are influenced by producers like Armin Van Buuren, Above and Beyond, Daniel Kandi and others, this trance sample pack will help you to take your track to the next professional level.

What's more, everything you get is Royalty-Free! Buy once and use in any of your projects in as many combinations as you want.

Please note for synth presets you will need: Serum v1.27 and Spire v1.1.14 or higher
