

'Trap Essentials Vol 1' from baltic audio is a must-have sample pack for Trap music. You'll find five top quality Construction Kits and all of the elements you need to create hit tracks, including drums, 808s, basses, synths, percussions and more.

Each Kit contains perfectly mixed instrumentation and will be your essential source for creating instant Trap hits, which are just waiting for a vocal topline to be added.

If you're looking for the sounds of 2 Chains, Drake, Lil Yachty, French Montana and Meek Mill, then this product has you covered.

MIDI files are included for the majority of musical phrases heard in these Kits: an essential feature for modern producers.
