

This new power Production Tool includes all the ingredients you need to create your new Dance Floor production or quickly build up the foundation of a new track.

Be prepared for a high-quality collection of sonic treats, created to make your productions sound like the real deal.

Inside you'll find all the elements to spice up your beats and productions.

Expect to find amazing melodic loops and songstarters plus drum samples, loops and 808 shots which give you a huge low-end base, that trap producers have always been looking for in current trap music.

The 20 Song Starters included in the pack are instant-ready complete melodic loops, just load them in your sampler or DAW and let your creativity do the rest of the work.

All are royalty-free, so you can release your new creation on your favorite labels.
