

Function Loops brings you one of the kind release, loaded with over 3GB of Tropical, Deep House material including five Construction Kits filled with all the instruments you will ever need, plus fresh collection of Acapellas in each kit. If you are looking to refresh your ideas and workflow, then look no further.

Kits are loaded with various instruments such as: Guitars, Sax, Plucks, Leads, Chords, Organs, Pads, Drums, Percussion, FX and so on, but the best thing is - they are fuiled with Tropical and Deep Acapellas, fresh and inspiring vocal material for any producer. Acapellas come as separated Vocal Loops, if you are looking to make your productions from scratch. MIDI files of all Melodic Loops are included, plus all the One-Shots (percussive and melodic). Maximum flexibility!
