

Fresh soundbank for Tropical House production, including 50 tropic presets to refresh your stash. Our sound designer took some time to craft these presets, so they won't be the same boring, re-made presets you get all the time. These are 100% fresh and made from scratch.

You will find this soundbank useful for Tropical House or any other genre where tropical feeling is needed.

In detail, you get: 10 Bass, 9 Synths, 14 Plucks, 5 Leads, 3 Chords, 5 Pads, 2 Bells and 1 SFX. 50 Presets in total. Please note: you must have the latest version of Reveal Sound Spire VSTi to run this sounbank.
