

NatLife Sounds present the third part of bass discovery - True Bass Sounds Vol.3 for inconceivable flexible synthesizer of our era - Reveal Sound Spire!

50 groundbreaking bass sounds with a 17 drum sounds(including 6 deep and powerful kicks and 11 unique loops) will give you a complete set to create an incredibly deep rhythm. We used analog synthesis and digital together - for doing Drum Loops and Kick sounds so that they perfectly complement each other along with the spire presets.

Combining the sounds and samples of our soundpack, you can get a stunning rhythmic effect that will make anyone move under your motive.

We tried to combine the most underground electronic music styles, like techno, house & trance. So it will be perfectly fit any of this style of music. But also will be great for any other music genre, and can give some unique sounding in your final beat.

Soundpack includes:

50 - Spire presets;

11 - Drum Loops;

6 - Kick Sounds.
