

UK Garage straight from London by LDN Samples has a collection of Music Loops from Leads, Pads, FX and chord progressions. This pack is inspired by the 2000's culture of the breaks with a modern twist. LDN Samples team has a number of releases under Ragga Bombs, Bass Entity and even created the lightsaber sound, under a multi million-pound lightsaber company Saberforge so you can be sure you are getting A+ production to work with. All loops come as WAV Format 44.1kHz 24-bit.
