

[Next Sound Records](#) offers a new package called [Ultimate G-House](#) Spire presets!

G-House has no borders or restrictions. G-House captured its original character from the street and merged with the sub-bass of house music; G-House took rap and hip-hop and took it to a whole new level by exploring the possibilities of electronic music.

If you want to create, treat yourself, or enter G-House, this pack is for you!
