

DESCRIPTION:

Ultimate House Presets (Spire) by Apollo Sound is the third pack in this indispensable series of House music synth presets (synth patches) for your favorite virtual synthesizers. And now it is the time for Spire by Reveal Sound, one of the frontrunners in virtual synthesizers' market, the combination of the best opportunities of software and hardware synths.

Inside you'll find only the top-notch, most popular and industry-standard patches of this genre all in one pack, and added a bit of our vision of House music. Among them pumping Deep & Wobble Basslines, wide range of sticking out House Leads, stabby Plucks & charismatic Synths, and of course stellar FXs.

Ultimate House Presets (Serum) fits ideally for all House producers making Deep & Future House, Future Pop, Nu Disco, Reggaeton, Bass House, Moombah and other modern electronic music genres!

Here is everything to make House & EDM bangers. You just need to download this House Spire presets pack and drop new patches into your synth. Now let it be House!
