Mainroom Warehouse are proud to release 'Trapped In Da City MIDI Melodies' featuring 50 x Trap MIDI Melody Files.

Inspired by all the main Trap/Hip Hop artists from around the globe and festivals, bringing you the best tools for your next smash hit.

It's important and one of the key factors in music that you have memorable melodies, so if you have lost your creativity or are looking to learn how melodies are created look no further than this pack, featuring 50 x Trap Melodies you can use them as is or change the notes about to suit your own needs or even study how the melodies were constructed, these are a must have for all trap/hip hop producers from beginner to professional.

Advantages Of MIDI
With MIDI you have the ultimate format were you can re-arrange notes, velocities, transpose, change MIDI lengths etc and assign your own VST Instrument or Hardware of your choice all this without any audio issues, to do this with audio wav file is virtually impossible or would take some messing about to achieve and with some specialist tools which cost a fortune and the results are not always the best with some audio material, having MIDI changing or keeping the same sound assigned and moving notes about is a breeze and takes no time at all and your audio always stays the same quality you set, also having 50 melodies at your disposal you could have the potential of 50 new tracks, surely these MIDIs will give you that creative edge your looking for to your next hit.
