

Get ready for our brand-new trap presets pack called **Ultimate Trap Presets (Spire)**. It's the fourth part in this indispensable series of Trap synth presets (synth patches) for your favorite virtual synthesizers. Now, as you can guess, it is the time for Spire by Reveal Sound, the one of the front runners in virtual synthesizers' market, the combination of the best opportunities of software and hardware synths.

Inside you'll find only the top-notch, most popular and industry-standard patches of the trap genre all in one pack, with a bit of our vision of Trap music and a bit of experiments. Trap presets for Spire sound unorthodox, very authentic and, no doubt, it will add originality to your tracks. The pack includes fattest 808s & Synth Basslines, the wide range of sticking out Trap Leads, dark Pads & charismatic Synths, and of course, beneficial FXs.

Ultimate Trap Presets (Serum) fits ideally for all modern producers making Hybrid & Chill Trap, Nu School Hip-Hop, Drill, Grime, Future Bass and other modern electronic music genres! Here is everything to make your bangers sound more powerful. You just need to grab this great Spire trap presets pack and drop new patches into your synth.
