About Presets In This Bundle

Please note to beginners if you only own some or don't own any of the above VST Instruments you can still use another virtual instrument of your choice with your own presets or bought presets to assign the vst instrument to the MIDI files and create your own sound, alternatively you can use the included wav files instead.

For a more in depth description and individual statistics details of each above pack, please go to the Mainroom Warehouse catalogue page on reveal sound store here:-
