

Variavision is back with bigger, phatter & deeper collection of 'Funkalicious Tech House'!

This collection features 500Mb+ of cutting edge sounds including analog moog-ish basses, dirty low-end boomers, 80s inspired synth & lead loops, super-funked organ sounds, retro strings, nylon & string guitar loops, M1 piano riffs, Wurlitzer rhodes, pitched & processed vocal hooks and of course – FX loops.

This collection has been produced by Variavision. With successful releases on the following record labels like Instereo, Recovery, Vamos or Hotfingers and remixes done for artists such as Ron Carroll, Mr.V or Samuele Sartini – trio brings you an essential sample pack with large variety of tech & 80s influenced sounds.
