

Your key to controlling the environment that surrounds you is determined by the impact of your sound. Set the tone to kick back and groove with rich bass lines, one-shots, and 808's. Become one within a beautiful tapestry painted with bold colors that define the life fantastic. Make it dances to your smooth eclectic rhythms. This can all be made possible once you add Vital Stratosphere by Big EDM to your library.

Vital Stratosphere is intelligently diverse. Offering sounds that lift and carry you away as you relax or provide the perfect backdrop to something seductively romantic that will last all night. It doesn't stop there. Lay down a Trap beat or try a little a Chillstep. This pack even makes a good addition to those creating study music or binaural beats.

Feel the amazing sensation of an endorphin release when these sounds grace your ears. Everything you need like percussive loops, one hits, and presets is all ready for you to begin your next majestic composition. You will find glitches, down lifters, uplifters, impacts, growls, white noise, arps, pads, sub bass, chords and more. Your progressive journey starts here. Fill the air with the sounds your heart desires.

Downtempo and smooth or up the beat to uplift the mood. Stimulate your brain, your senses and your mix with Vital Stratosphere from Big EDM.
