

**When creating uplifting trance music, you can face many challenges.  
One of the biggest is Leads layering and vocal processing.**

**This template just shows you how to do it right and simply using your DAW plugins mainly. This project is thoroughly described and tagged so that you can easily understand how it works.**

Vocals come from Rebecca Louise Burch well known vocalist on the trance scene. This project is 100% free so you can use it as a base for your next production and also you can use these vocals or any other sounds in your own music.
