

Freak Music is ready and proud to present the "VYBE" - collection of five excellent construction kits perfect for your next trap, dirty south, hip-hop and every other genre production. Every kit comes with .wav loops, .midi sequences, and Live projects. Maintained in the pale style. Gorgeous melodies, stunning piano, mesmerizing synths. Deep, hard, strong, but so smooth, delicate and easy. Categorized in folders for an easy access, key and tempo labeled, with wav demos in every kit. All of the loops, midi sequences, projects and every files are 100% royalty-free, so once purchased, you can use this content in your commercial releases without having to pay any hidden costs.

Specification:

- 5 full construction kits with Live projects
- All WAV loops exported separately
- All necessary MIDI sequences included
- Every kit comes with an audio demo
- 79 useful files in total
- 340 MB of unzipped content
