

Diverse & Creative

'Wolves' from 2DEEP features one of the strongest Kits to date with a mix of beats ranging from R&B, Trap and Trapsoul, to the gritty sound of NYC. To top things off one of the beats was laced with vocals by top-selling artist Marka on the hook to take it to another level!

This product will surely provide you with the full package you need to take your music up a level. WAV loops, MIDI files, and BPMs from the pack will keep your workflow as smooth and easy as possible.

Do you want to stay diverse and create dope records? Then this is the Kit for you!
