

Audentity Records proudly presents: Wavy Drill.

Sonically, this sample pack focuses on the darker and more evil side of Drill, taking influence from both the UK & French drill scenes.

You can find sounds inspired by producers and artists such as Ghosty, Tion Wayne, Russ Millions & Freeze Corleone and many others.

Wavy Drill was written and produced by Producer Harry Robinson aka RunOne.

RunOne has been writing and producing for over 20 years. He has produced tracks and written arrangements for some of the world's leading artists such as The Ragga Twins, L.man, Seanie T, Infamous, Solo, Fliptrix, Verb T, Sam Smith, Reuben James, Vula Malinga (Basement Jaxx) and many more.

What makes this pack special is RunOne has perfected his Drill Production sound over a number of years with his unique sounding melodies, crazy 808 slides, hard hitting Drums and his individual production techniques.

If you are into Drill, Trap, Hip Hop and Chill, be assured his Drill sound is unique and like no other. Wavy Drill will be the coolest hitting Drill pack you have ever heard!
