

From sleek and sexy for that late-night drive to a futuristic space-age dance floor hit. If you want vocals for your next Synthwave tracks check out EDM Synthwave Vocals from W. A. Production. The vocals within this pack have a smooth and sultry delivery. A hint of R&B, a dash of disco, and a perfect mid-range that flows together in blissful harmony. This is EDM style synth wave. Meant for the after-party, the night neon drive, and most appealing when the lights go out.

We are giving you 5 completed vocal tracks rendered in WAV format consisting of 2 lead vocal tracks and 2 backing tracks that accompany each song with the lyric sheets. These stems are yours to use as a whole or to slice and piece together to create your very own EDM synthwave vocal perfection.

These vocal tracks were recorded in a professional studio environment with the latest in recording technology. Crisp, clear, and free from any interfering noise. We've mixed the tracks and brought out their true stunning brilliance and tone. We've left enough headroom for you to add any effects that you like, allowing you to decide how to shape and transpose them into your next synthwave masterpiece.

Inspired by such artists as Highway Superstar, Tesla Boy, and Cassette Club.

If you want to take your synth wave tracks to the next level, give them some enticing style with W. A. Production EDM Synthwave vocals.
