

'What About: EDM Vocal Shouts Tools' is a brand new and ultimate vocal pack made by W. A. Production. This collection contains more than 320 of the dirtiest and the fattest EDM vocal shouts and loops which were carefully crafted to bring the extra feeling right to your tunes. Suitable for all EDM, House, Dubstep, Trap and Urban genres.

'What About: EDM Vocal Shouts Tools' is divided into Dry/Wet and Loops sections. Each sample is perfectly cut and ready to upgrade your tunes to another, world class level.

Get creative and combine these unique samples with some of your own sounds. W. A. Production producers have used some really special techniques and effects for wet samples, so get ready for the madness!

Each vocal loop has been carefully effected using cutting-edge production techniques to provide you with a range of compressed, distorted, chorused and pitch shifted vocals.
