

Kick back. Study. Relax. Soothe your soul with What About: LoFi Hip Hop Fantasy from W. A. Production. This pack is loaded with loops, one-shots, MIDI sequences, and presets. Choose from melodic chords, sensual bass lines, entrancing hi-hat, and percussion patterns. We've also included a diverse selection of instrumentation such as jazzy lounge-style piano, clean and clear blues guitar riffs, sultry saxophones, and brilliantly captured old school shakers, claps, snaps, scratches, and more.

Our sounds are professional quality and rendered with the latest audio production technology to ensure that your mix shines with brilliant clarity. If you need to submit to a label, create music for film, ads, tutorials, online playlists, or just for fun, What About: LoFi hip hop fantasy is waiting and ready.

If you want deep bass that speaks to your soul and are ready to ditch the chaos of the outside world, then dim the lights and load up this library. All you'll feel are the sounds you hear.

Every aspect of a track is included so there is no need to piece together audio samples. Full drum kits, percussion, instruments, bass, synths, and presets for Serum and Sylenth1. We've also included MIDI sequences that let you choose the sounds while we play the melody. You can also alter the sequences, slice up the loops, save and make changes to the presets, as well as add your own effects.

Get lost in LoFi and sway to hip hop with What About: Lofi Hip Hop Fantasy from W. A. Production.
