

'What About: Top Chart Melbourne Bounce Kits' from W.A. Production is the most massive and crazy Melbourne pack ever created. In this product you will find 12 mind-blowing Construction Kits totalling more than 3 Gb of the freshest melodic, drum, vocal, effect and MIDI content. All 100% Royalty Free.

In detail you'll find 50 MIDI loops and more than 150 audio stems and loops. These files have been made with all the precision and advanced production techniques you've come to expect from W.A. Production, bringing you fat sounds and wild melodies.

The content in this pack has been inspired by producers such as TJR, Deorro, Vinnai, Redfoo, R3hab and many others. Let these Kits inspire you or simply use the samples as-is.

Drop tracks are rendered dry & wet, with and without sidechain to give you maximum freedom. Everything is 100% Royalty-Free and ready to drag and drop right into your mix.
