

W.A. Production presents World of Vocals. A premium sample pack full of beautifully crafted melodies, phrases, chops and plenty of A cappella sounds. The beautiful female voice serenades like a soulful songbird making for a powerful delivery sure to leave a huge impact on your listener. You will get both wet/dry versions, solo and layered versions that ring out like the sweet harmony of a choir. With a wide vocal octave range and a variety of delivery styles, no matter the mood or key of your track. We have you covered. From uplifting and bright, climactic, to touching and heartfelt ballads.

We have also included some elegant synth loops. These sounds include plucks, gentle and breezy pads, piano lines, chimes, percussive sounds and more. Apply these for Jazz, R&B, Pop, Trap or Down-tempo or Chill.

For crystal clear clarity, club-ready sounds right out of the box World of Vocals will allow you to add vocals to your tracks that sound as if you recorded them live yourself. Feel free to chop any sections, add effects, modify and manipulate to truly make it your own. Get the vocal samples you want from the name of your trust. Pick up World of Vocals from W. A. Production.

This pack contains the following:

- 52 Improvised Vocal Loops
