

Audenty Records is proud to present you the follow up of our popular "World Of Future House" series.

Focused totally on future house, this new pack consists of 5 FULL detailed construction-kits, midis, presets (Serum & Sylenth).

Inspired by Tiesto, Mesto, MOTi, Calvin Harris, FTampa, Pep & Rash and others.

The pack contains 126BPM FULL kits with many many detailed stems, all presets, parts, one shots and midis, so you can easily build your own signature tracks with it.

We also included dry stems of the most important sounds, so you can add your own reverb.

Are you ready to start making your next Future House track?
