

Planet Samples Pop Songwriting V1 is the first series of our new songwriting sample pack. This sample pack is for producers who were looking for complete song vocals.

Inside the pack, you will find vocals of verse 1, verse 2, choruses, back, and harmony vocals. All vocals have been exported in wet and dry. Also, we include the midi files for all the melodic instruments like piano, pads, bass, and melodies. All Wav files are exported as loops as well.

All files are organized in folders with BPM and key-labeled for easy navigation. This sample pack is suitable for genres like pop and House and Slap House. Of course, this is not a limit and you can use the content of this sample pack in other music genres as well.
